(Audi)

The car has also benefited from a ceramic coating , which has been done x3 times over the years

Standard car !

Anything this car ever needed it got! no expense spared.

Finished in sepang blue which in my opinion is the best colour .

Car needs absolutely nothing !

You will struggle to find a truly great low mileage example anywhere in the country and mainland with these miles and condition.

Always run on BP ultimate fuel !

Comes with the all important sports exhaust which sounds amazing.

Very high spec with £10k of factory options and also benefits from a £4k brake upgrade .

Will be selective on a part exchange

I owned this car over a year or so ago and have the pleasure of selling it again as it's probably one of the best cars I've ever driven.

Car has always had an Audi approved warranty on it from new .

Ring if your genuinely interested.

Strictly no time wasters!

plate for show!
